

# MetroPCS Sim Card Starter Guide

*Welcome to our Nationwide Network.*

*Follow the steps below to install your new SIM card and activate your phone.*

## 1. Provide Basic Information

Your name, address and an eight-digit number (PIN) that you will use to access your account.

## 2. Find Your Serial Numbers

Your SIM card serial # is located on the plastic card that holds your SIM. Your phone serial # or IMEI # may be located underneath the battery or on the original box and packaging that your device came in.

## 3. Install Your SIM

Insert the nano SIM card into your phone, using the included adapter (if required). Once the SIM is installed, insert your phone's battery and charge your phone.

## 4. Choose Your Desired Plan

Choose your unlimited data, talk and text plan and features.

## 5. Choose Your Method Of Payment

To start your service, purchase a MetroPCS payment card in addition to your SIM, provide a credit or debit card at the time of activation, or pay in-store.

## 6. Give Us A Call

Dial 1.888.8metro8 from any phone other than the one you are trying to activate. A MetroPCS activation representative will be available to assist you in activating your service and making your first month's payment.
